

Turbo Amber Emulsion (Exterior)

Smart Protection. Lasting Protection

Amber Exterior Emulsion is a reliable water-based exterior wall finish designed to safeguard and beautify your exteriors at an economical cost. Formulated with high coverage and good opacity, it not only saves paint but also delivers a smooth, long-lasting matt finish.

Engineered with anti-peeling and weather-resistant properties, Amber ensures walls stay intact and elegant even under challenging conditions. Easy to apply and quick drying, it makes painting faster and more efficient, helping you save time, effort, and money.

Key Features & Benefits

Weather Resistance

Protects against rain, sun, and surface peeling.

High Coverage & Opacity

Covers more area in less paint, reducing repainting costs.

Matt Finish

Gives walls a soft, elegant look that lasts.

Quick Drying

Saves time and effort during application.

Anti-Peeling Protection

Ensures paint film remains intact for durability.

Water-Based Advantage

Low odour, eco-friendly, and safe to use.
