

Bloom Shyne Emulsion (Interior)

Velvet Touch. Lasting Brilliance.

Bloom Shyne is a premium interior emulsion that delivers a rich, smooth velvet finish to walls, creating an atmosphere of elegance and sophistication. Formulated with anti-fade colours, excellent covering power, and superior whiteness, it ensures walls look bright, consistent, and luxurious.

With its high washability and durable film strength, Bloom Shyne not only enhances interiors but also keeps them fresh and easy to maintain for years.

Key Features & Benefits

Velvet Smooth Finish

Adds a soft, premium touch to interiors.

Anti-Fade Colours

Keeps shades vibrant and long-lasting.

Excellent Coverage

Hides imperfections and ensures uniform walls.

High Washability

Easy to clean, stain-resistant finish.

Superior Whiteness

Bright, elegant base for colours to stand out.

Durable Protection

Strong film integrity for longer life.

Turbo Bloom Emulsion (Interior)

Fresh Walls. Happy Homes

Turbo Bloom Interior Emulsion is a durable, water-based paint that delivers a smooth matt finish with lasting freshness. Its anti-fade colours, high washability, and excellent coverage ensure walls stay bright, easy to maintain, and beautiful for longer. Engineered with a Superior Anti-Fungal Shield, it helps protect walls in humid conditions, keeping interiors clean and hygienic. With a wide range of shades to choose from, Turbo Bloom brings both elegance and reliability to everyday interiors.

Key Features & Benefits

Superior Anti-Fungal Shield

Guards walls in humid and monsoon-prone regions.

Wide Shade Range

Vibrant colours to suit every mood and décor.

Anti-Fade Colours

Ensures long-lasting brightness.

High Washability

Makes cleaning and maintenance easier.

Excellent Coverage

Greater area coverage with less material.

Durable Film Strength

Protects and preserves walls for longer.
