

## Turbo NC Automotive

*Speed. Smoothness. Shine.*

Turbo Automotive NC is the refinisher's choice for fast, reliable, and brilliant results. Formulated with a refined NC resin system, it offers quick drying, smooth flow, high coverage, and a bright gloss finish that makes vehicles look freshly restored in no time. With accurate shades, easy repairability, and better gloss hold, Turbo Automotive NC ensures workshops deliver a professional finish, faster.

### Key Features & Benefits

#### Fast Drying

Saves valuable workshop time with quick handling and recoating.

#### High Gloss

Bright, attractive finish that enhances vehicle appearance.

#### Gloss Hold Advantage

Retains sheen longer than conventional NC paints.

#### Smooth Application

Easy flow and levelling with spray, reducing rework.

#### Excellent Coverage

Superior hiding power, fewer coats needed.

#### Accurate Shades

Consistent colour matching for reliable refinishing results.

#### Easy Repairability

Simple to sand, blend, and retouch – ideal for quick jobs.
