

# Solvent Based Coatings

## Turbo Plus Super Enamel

*It's Not Just An Enamel. It's A Super Enamel.*

Turbo Plus Super Enamel is a next-generation enamel – engineered for those who demand unrivalled gloss, unbeatable durability, and uncompromising performance. More than just a coating, it's a shield of brilliance and strength, designed to outperform even in rugged environments and toughest conditions of heavy industries.

With its best-in-class gloss, anti-fade brilliance, and rugged protection against wear and tear, Turbo Plus Super Enamel is built to endure the harshest challenges while keeping surfaces looking new, glossy, and vibrant for years.

### Key Features & Benefits

#### Long-lasting Gloss

Delivers unmatched shine that lasts for years.

#### Heavy-Duty Durability

Built to withstand harsh conditions, wear, and rugged use.

#### Brilliance That Lasts

Anti-fade, high-brilliance shades retain vibrancy over time.

#### Tough Protection

Guards against scratches, impacts, and environmental stress.

#### Advanced Formula

Provides superior resistance to weathering, chemicals, and moisture.

#### Chemical Resistance

Withstands exposure to oils, solvents, and industrial chemicals.

#### Ideal for Industry

Perfect for heavy-duty and rugged machinery, equipment, and industrial structures.
